Building Management Skills: An Action-First Approach ...

Action planning is the process of turning your strategy and goals into action. Taking your ideas and planning how to make them reality. In other words, action planning is working out what exactly you need to do to get where you want to be. Whether those are personal goals or organisational goals doesn't matter, as the skills required are the same. The best strategies, whether for life or work, include action planning as part of the strategic thinking.

Action Planning | SkillsYouNeed

Management skills are applied to a broad array of functions in areas like production, finance, accounting, marketing, and human resources. Common components of management in different arenas include: selection, supervision, motivation and evaluation of staff, scheduling and planning of workflow, developing policies and procedures, measuring and documenting results for a group or department, solving problems, developing and monitoring budgets and expenditures, staying abreast of trends in the ...
