This title was first published in 2001. After languishing for decades in the domains of rigid doctrinalism and confusing theory, the conflict of laws is increasingly being recognized as an important area of law to a global community. To demonstrate its importance, Michael Whincop and Mary Keyes tran

that began in the United States around 1870. Its origins are often attributed to the philosophers Charles Sanders Peirce, William James, and John Dewey. Peirce later described it in his pragmatic maxim: "Consider the practical effects of the objects of your conception. Then, your conception of those effects is the whole of your conception of the object."
