Review of: Quality Matters: From Clinical Care to Customer ...

This unique book considers the concept of quality as it relates to the provision of dental care. For the author's purposes, quality is defined in relation to the process of care, the service given, the people delivering the care, and the environment in which the care is provided. In each of these various facets of dental care, the author considers the process of measuring, assessing, improving, and monitoring quality and its impact on the way we work and live.

Why Quality Matters. As a health care provider, you've always done your best for patients. So why is it that hundreds of thousands of Americans die every year from medication errors, infections they acquired during a hospital stay, or other preventable consequences of seeking care? Why, since the Institute of Medicine published its 1999 landmark report, "To Err is Human," has the quality of the American health care delivery system changed so little?

Learners need to improve and grow. You work to nurture them with well-conceived, well-designed, well-presented courses and programs. Our goal — as a non-profit, quality assurance organization — is to provide a system to help you deliver on that promise: with review, improvement and certification of quality.

Home | Quality Matters

The National Association of Community Health Centers (NACHC) was founded in 1971 to promote efficient, high quality, comprehensive health care that is accessible, culturally and linguistically competent, community directed, and patient centered for all.

Quality Center - NACHC

Explain Why a Health Care Quality Measure Matters. In some cases, report users will not know why a particular measure is important as an aspect of quality. When people don't realize the importance of a measure, they are unlikely to look at or use the data. 1 In the case of clinical process measures, for example, consumers do not know the evidence that links specific processes to important outcomes.

...

Welcome to "Quality Matters", the Trust's Quality Improvement Strategy for 2017 to 2020. Here we set out our quality priorities for the next three years and our plans for improvement in each area. In addition, we have set out how we will provide our staff with the tools, techniques, training and

Quality Matters - 2017 to 2020

Quality Matters aims to achieve a shared understanding of what high-quality care is, more effective and aligned support for quality in adult social care, and improved quality that we can measure. It involves everyone who uses, provides, commissions or supports adult social care services, and explains how we can all work together to improve the quality of adult social care.

Quality Matters - Skills for Care

Quality Matters. SMCS is committed to providing the highest quality of care possible and we are honored to have received three National Quality Leader awards. In January 2015, SMCS was the only health center in Vermont, and one of only 57 recipients nationwide, to earn the National Quality Leader designation announced by HHS for exceeding national clinical benchmarks based on the Healthy People 2020 objectives and health center national averages.
